CRUISER 55

Sailing on a grand scale

The CRUISER 55 is the flagship of the CRUISER line and embodies modern living at sea. The sleek, exterior lines, wide, spacious decks and extravagant living space below-deck are impressive. An easily accessible, large dinghy garage is built in to this capacious yacht and has been designed to stow an inflatable tender with outboard engine quickly and safely in any weather conditions. Remarkably for her size, the CRUISER 55 is amazingly easy to handle.

55 | Premier space and comfort

Clear lines and space are design characteristics of the exterior and interior of the CRUISER 55. The generous layout of the rooms offer maximum comfort on the dock, at anchor or out at sea. The fully equipped pantry and freestanding galley island make cooking a special pleasure.
